SKILLS

- **Languages:** C++, JavaScript, C, Python, JAVA,
- **Frameworks:** HTML and CSS, Bootstrap
- **Tools/Platforms:** MySQL
- **Soft Skills:** Problem-Solving, Team Player, Public Speaking, Adaptability

PROJECT

Women 's Health Consultation Web Platform | Github

Jan 2025 – Apr 2025

- Developed a responsive web-based healthcare platform focused on menstrual health awareness, providing structured educational resources and virtual consultation support.
- Implemented an intuitive appointment booking system enabling users to schedule doctor consultations seamlessly through a user-friendly interface.
- Integrated real-time chat functionality to facilitate direct communication between users and healthcare professionals for timely guidance and assistance.
- Designed a comprehensive learning module covering menstrual hygiene, cycle tracking, hormonal health, and common medical concerns to promote informed health decisions.
- **Tech stack:** HTML, CSS, JavaScript, Responsive Web Design, Frontend Development.

AI-Enabled Law Consultation & Advisory Platform | Github

Nov 2025 – Dec 2025

- Developed a responsive web-based legal assistance platform integrating AI to provide instant answers to user queries related to laws, legal rights, and procedures.
- Implemented an AI-powered chatbot that allows users to ask legal questions and receive intelligent, context-aware responses in real time.
- Designed and integrated an appointment booking system enabling users to schedule consultations with verified advocates seamlessly.
- Built an online consultation feature allowing users to interact directly with lawyers through the platform for professional guidance.
- **Tech stack:** HTML, CSS, JavaScript, AI Integration (API-based), Web Development, Responsive Design Systems
